About the venue

Tata Theatre NCPA Mumbai

May 24, 2024

This distinctive space that can seat 1,000 is the best of both worlds. It effortlessly combines the intimate ambience of a small-scale venue with the splendor of a full-scale arena. A revolving stage, brilliant acoustics and a foyer with a breathtaking view of the sea are just some of the things that make the Tata Theatre the venue of choice for both, performers and audiences. Created by the renowned American Modernist architect Philip Johnson and the legendary acoustician Cyril Harris, this theatre opened in 1982. Today, it is Mumbai's preferred venue for leading cultural events.

**Expected audience:
~800 middle to senior executives**
